OUR OFFER

CONDITIONING AND FITNESS TRAINING

The program is tailored individually to age, level and goals – from general fitness to explosive, tennis-specific athletic development. Our work is based on modern sports science, including approaches such as stretch-based hypertrophy training and the official PISTE performance tests from Swiss Tennis.

Many of our juniors already experience noticeable improvements – physically and directly in their game. Adult players benefit from improved stability, performance and injury prevention.

Athletic training is not an addition – **it is the foundation.**

Book your trial session and take the next step.

MENTAL COACHING

Our Mental Coaching – Strength Where It Matters Most

Tennis is as much a mental game as it is a physical one. Focus, confidence, goal setting, season planning and emotional control often decide how a player performs in important moments.

Our mental coaching program with Coach Alex helps players develop the psychological strength needed to perform under pressure. With a Bachelor's degree in Psychology, six months of working experience in sports psychology and as a Top 900 WTA player, she combines scientific knowledge with practical tennis experience to support concentration, resilience and self-belief on court.

This program is designed for competitive and motivated players of all age groups and is tailored to individual needs. Training can be taken privately and as groups up to 4 players.

Mental strength can be trained and it can make the difference.

PADEL COACHING

Head Coach: Leon Müller – Expertise meets passion

We are proud to introduce Leon Müller as Head Coach of our padel program. Leon is a long-standing academy coach, top graduate of the C-Coach Padel Education 2024 (Grötzingen, Germany), an active 2nd Bundesliga padel player, and an experienced tournament competitor. Leon looks forward to meeting you personally and helping you elevate your padel game.

WHAT SETS US APART FROM OTHERS:

- **Professional overall concept:** Clear organization, well-established processes and reliable communication
- **Experienced and dedicated team:** High-quality coaching on and off the court
- **Individual training concepts for all levels:** From beginners to performance players – each program follows a structured development pathway
- **A clear development pathway:** From first swings to competitive performance, our structured training system guides players step by step through every stage
- **Sustainable talent development:** Targeted support and long-term player development leading to national and international success (e.g. Nikola Djasic – European Champion, Iva Ivankovic – current Swiss No. 1, 2010)
- **Holistic approach:** Combining athletic, social and mental development
- **Strong community:** Close collaboration with facilities, clubs, partners and members
- **International presence & inspiration:** Our international team attracts top-level players and guests, including collaborations with Goran Ivanisevic and features on SRF Sport

SUCCESS STORIES
